/ AN ACTION-PACKED TOUR /

Miami, Florida the most vibrant destination for a tennis tour. Fantastic facilities, culture and of course an amazing tennis program.

The tennis program is based around four major areas that we encourage and develop:

1 Technical skills

Playing the key shots of the game – both attacking and defensive – in a variety of situations

2 Mental strength

Tennis is an individual sport with challenging match situations that require mental skills such as problem solving, staying positive and remaining focused.

3 Tactical knowledge

How to select the right approach to each individual situation on court. Recognizing various playing styles of the opponents, the court and conditions.

4 Physical conditioning

Making sure the physical ability of the player is appropriate to the level at which they play

Visa Information

Every member of the group must have suitable US Visa in place.

Please visit: <https://esta.cbp.dhs.gov/esta/> for information. This is recommended to be done at least 1 month before travel. An ESTA visa will last for 2 years.
